Dear Swimming Family,

Let me start off by saying welcome, or welcome back, to the finest Learn-To-Swim program there is. We pride ourselves on offering your swimmers the opportunity to truly learn to swim in our nationally-recognized program that is focused on providing your swimmers with a fun, safe, and goal-driven environment. Our coaches are professionally trained to work with your swimmers to hone their skills with the time-tested progression developed by the American Swim Coaches Association (ASCA), the world leaders in swimming coach accreditation and professional development. Our unique station-style approach ensures that your swimmers have the opportunity to continually progress at their own pace, while making friends and learning the skills that can save their life and provide a healthy lifelong activity.

Please allow me to introduce myself. My name is JD Klingenberg and I am the Aquatics Manager and SwimAmerica Program Director at Lakeshore. I have been working in Aquatics and coaching swimming for over a decade with experience at all levels. I have worked with swimmers from 8 months old on to over 80 years, and everywhere in-between. Having worked in many different programs in that time, I have come to appreciate just how unique the SwimAmerica program's simplistic and progressive approach is; this is our secret to being the best Learn-To-Swim program out there. Our coaches are the most passionate and enthusiastic team I have had the privilege to work with.

During class we request that you refrain from interacting with your swimmers or their coach. This is in the interest of preserving the integrity of the teaching environment; we want your children focused on their coach, which ultimately provides that best learning environment for the greatest results. If you have questions or concerns, please direct them to either myself or the Site Supervisors. The Site Supervisors are your primary contact during lesson times, they have been trained by the SwimAmerica National Director to oversee the daily operations of the program including move-ups, answering your questions, and assisting in staff development. Please take a minute to introduce yourself to our Site Supervisors- Susie Lenny (mornings) and Nate Samek (afternoons). This unique design allows for continuity throughout the program and ensures that we are setting your swimmer up for success.

Thank you for the opportunity to work with your children. If you have any questions or concerns, please do not hesitate to contact me via the information below.

Sincerely,

JD Klingenberg
Aquatics Director
